

MP3 Player

The user select a folder containing .mp3 files to play music

1. The Play button starts to play the music from the beginning
2. The Stop button stops the music and resets it to the beginning
3. The Pause button stops the music
4. The Resume button continues playing the music from where it was paused
5. The Exit button terminates the program
6. The Help? Button pulls up a pop-up showing a step-by-step of how to use the program:

PIG Dice Game

The user is can type 'help' or press enter to begin the program

```
Welcome to this program!
You will be playing Pig against a computer.
Lets see if you can win!
```

```
Type 'help' to view instructions, or press ENTER to begin:
Type 'Yes' to roll or press any other key to end your turn:yes
```

.....

The user can type 'yes' to roll the die. Each roll will accumulate the points for the user that round. However, the risk is that if the user rolls a 1, they lose their points that round.

```
You rolled 6
Type 'Yes' to roll or press any other key to end your turn:yes
```

```
You rolled 6
Type 'Yes' to roll or press any other key to end your turn:yes
```

```
You rolled 6
Type 'Yes' to roll or press any other key to end your turn:yes
```

```
You rolled 6
Type 'Yes' to roll or press any other key to end your turn:yes
```

```
You rolled 4
Type 'Yes' to roll or press any other key to end your turn:yes
```

```
You rolled 4
Type 'Yes' to roll or press any other key to end your turn:yes
```

```
You rolled 1
```

```
